

SafeAssets.io =

Decentralized
Anti-Theft
Security

**PITCH
DECK**

Problem

Crypto adoption and integration slowing down out of vulnerability fears

Crypto theft occurs on a massive scale worldwide every single day

The lack of affordable, accessible, easy-to-use decentralized

Solution

Reassurance that crypto users have the means to easily secure their digital assets.

A New Token Standard with a decentralized anti-theft mechanism

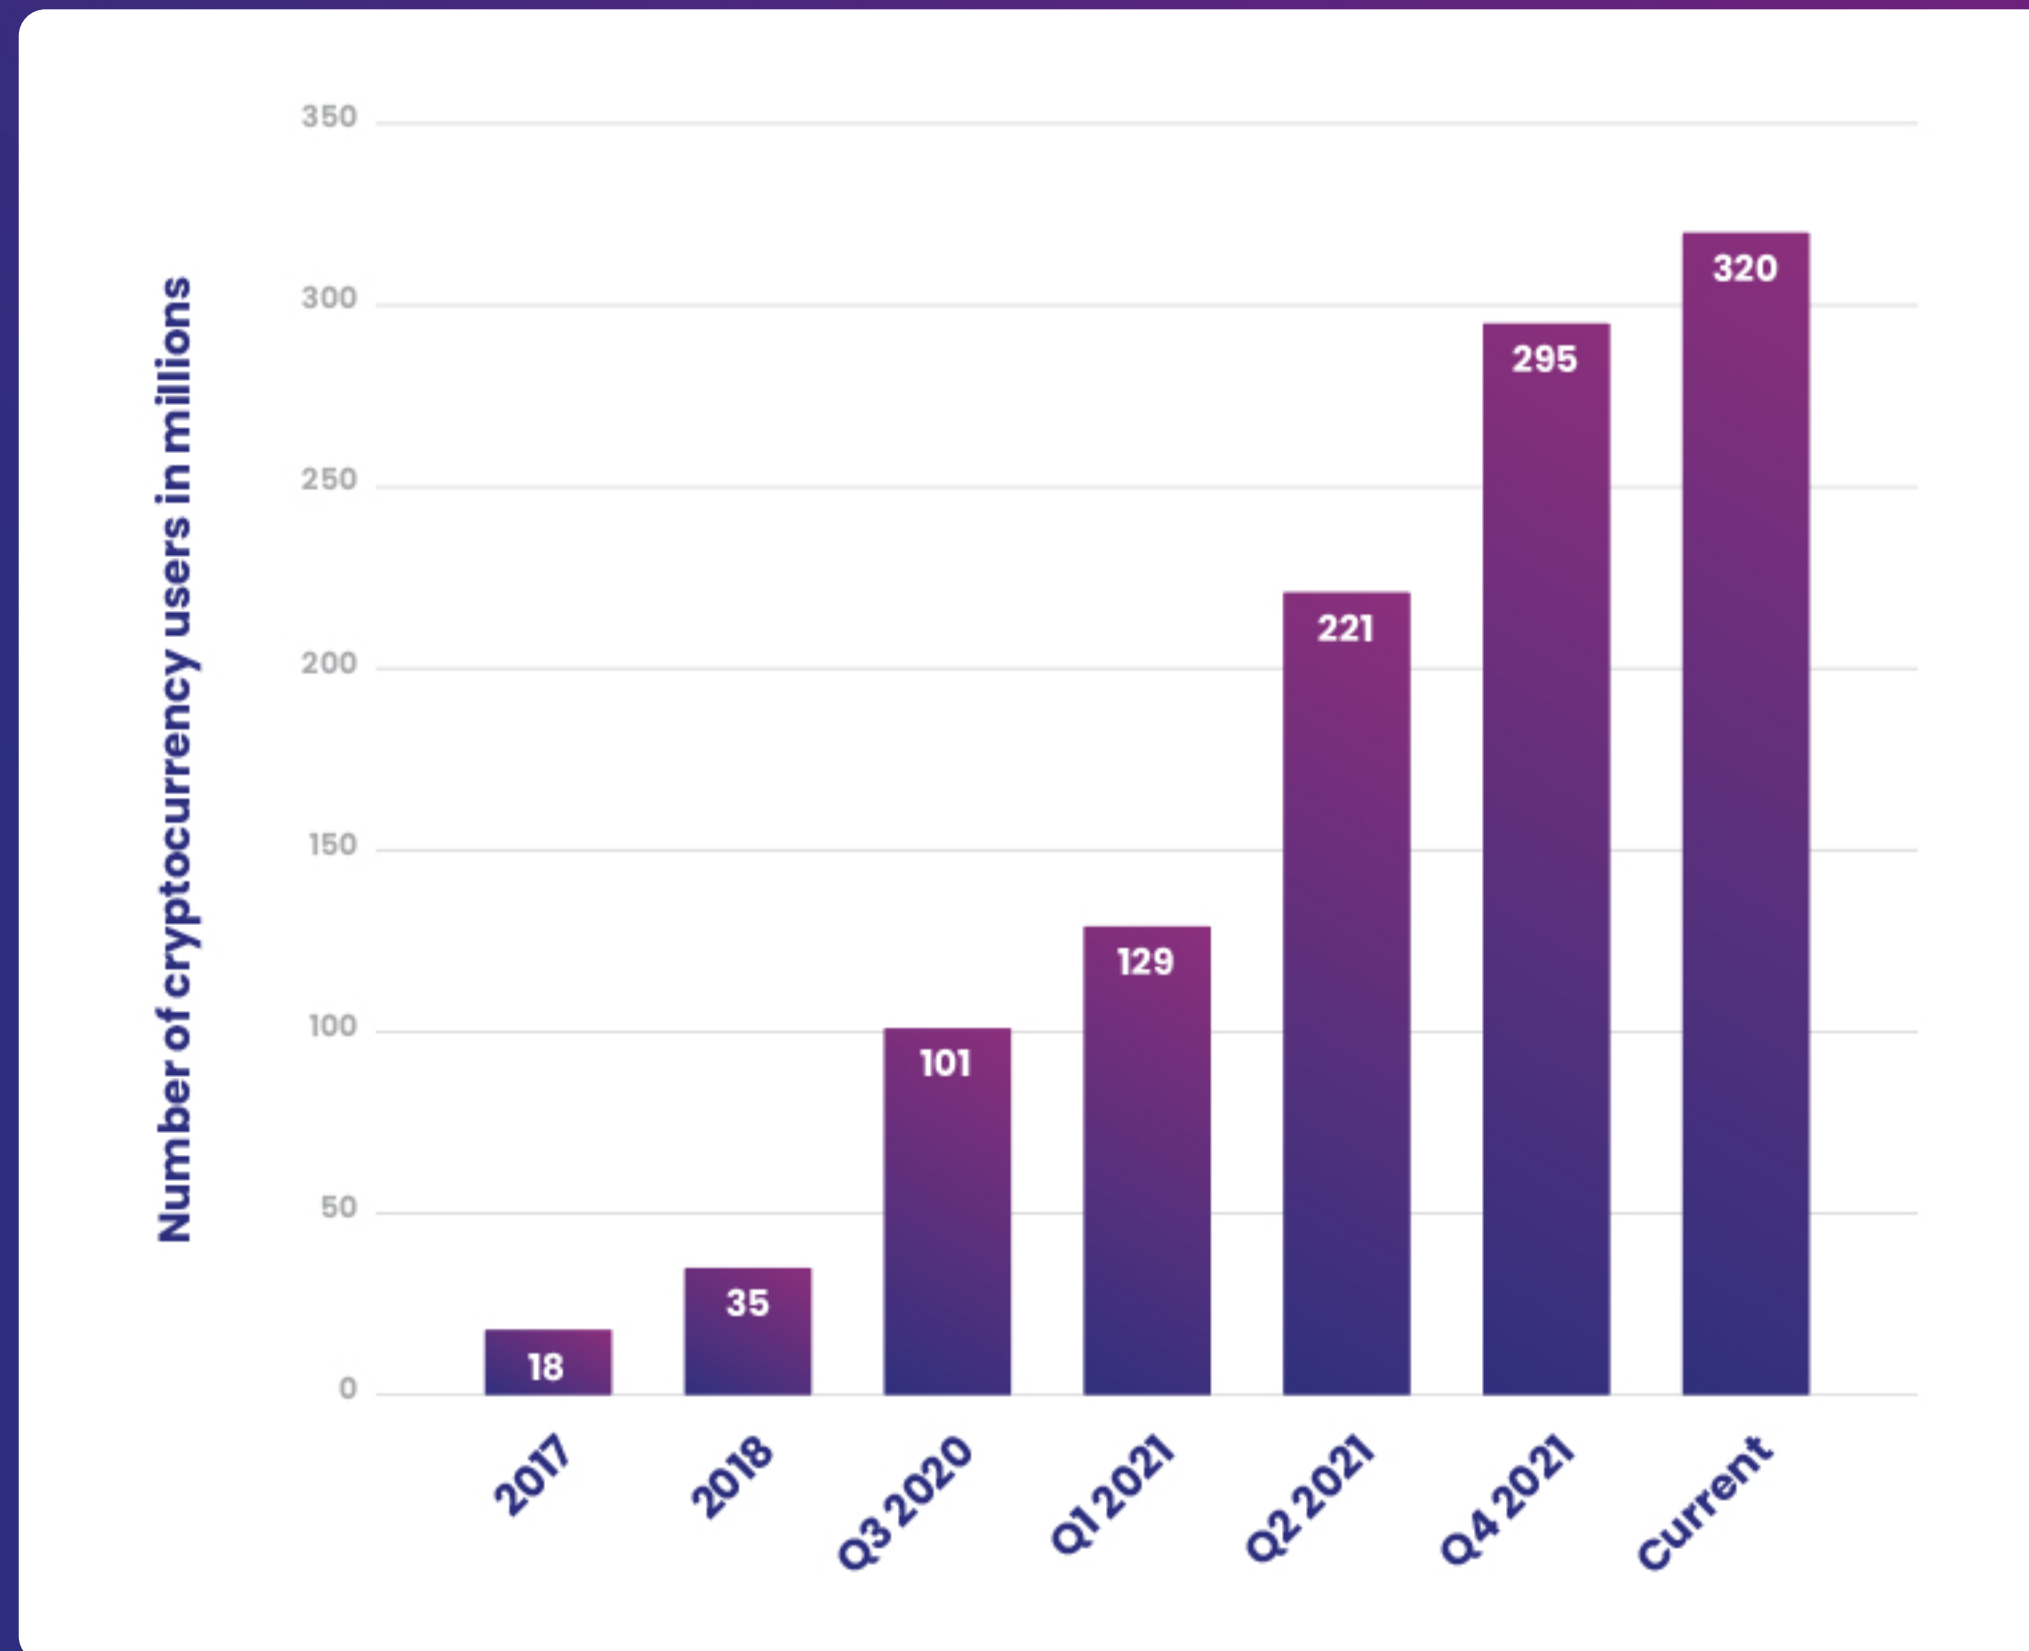

Free-to-use decentralized application working with our Token Standard

Market Validation

Cryptocurrency Users¹

There are more than 320 million Cryptocurrency users²

Cryptocurrency Over Time³

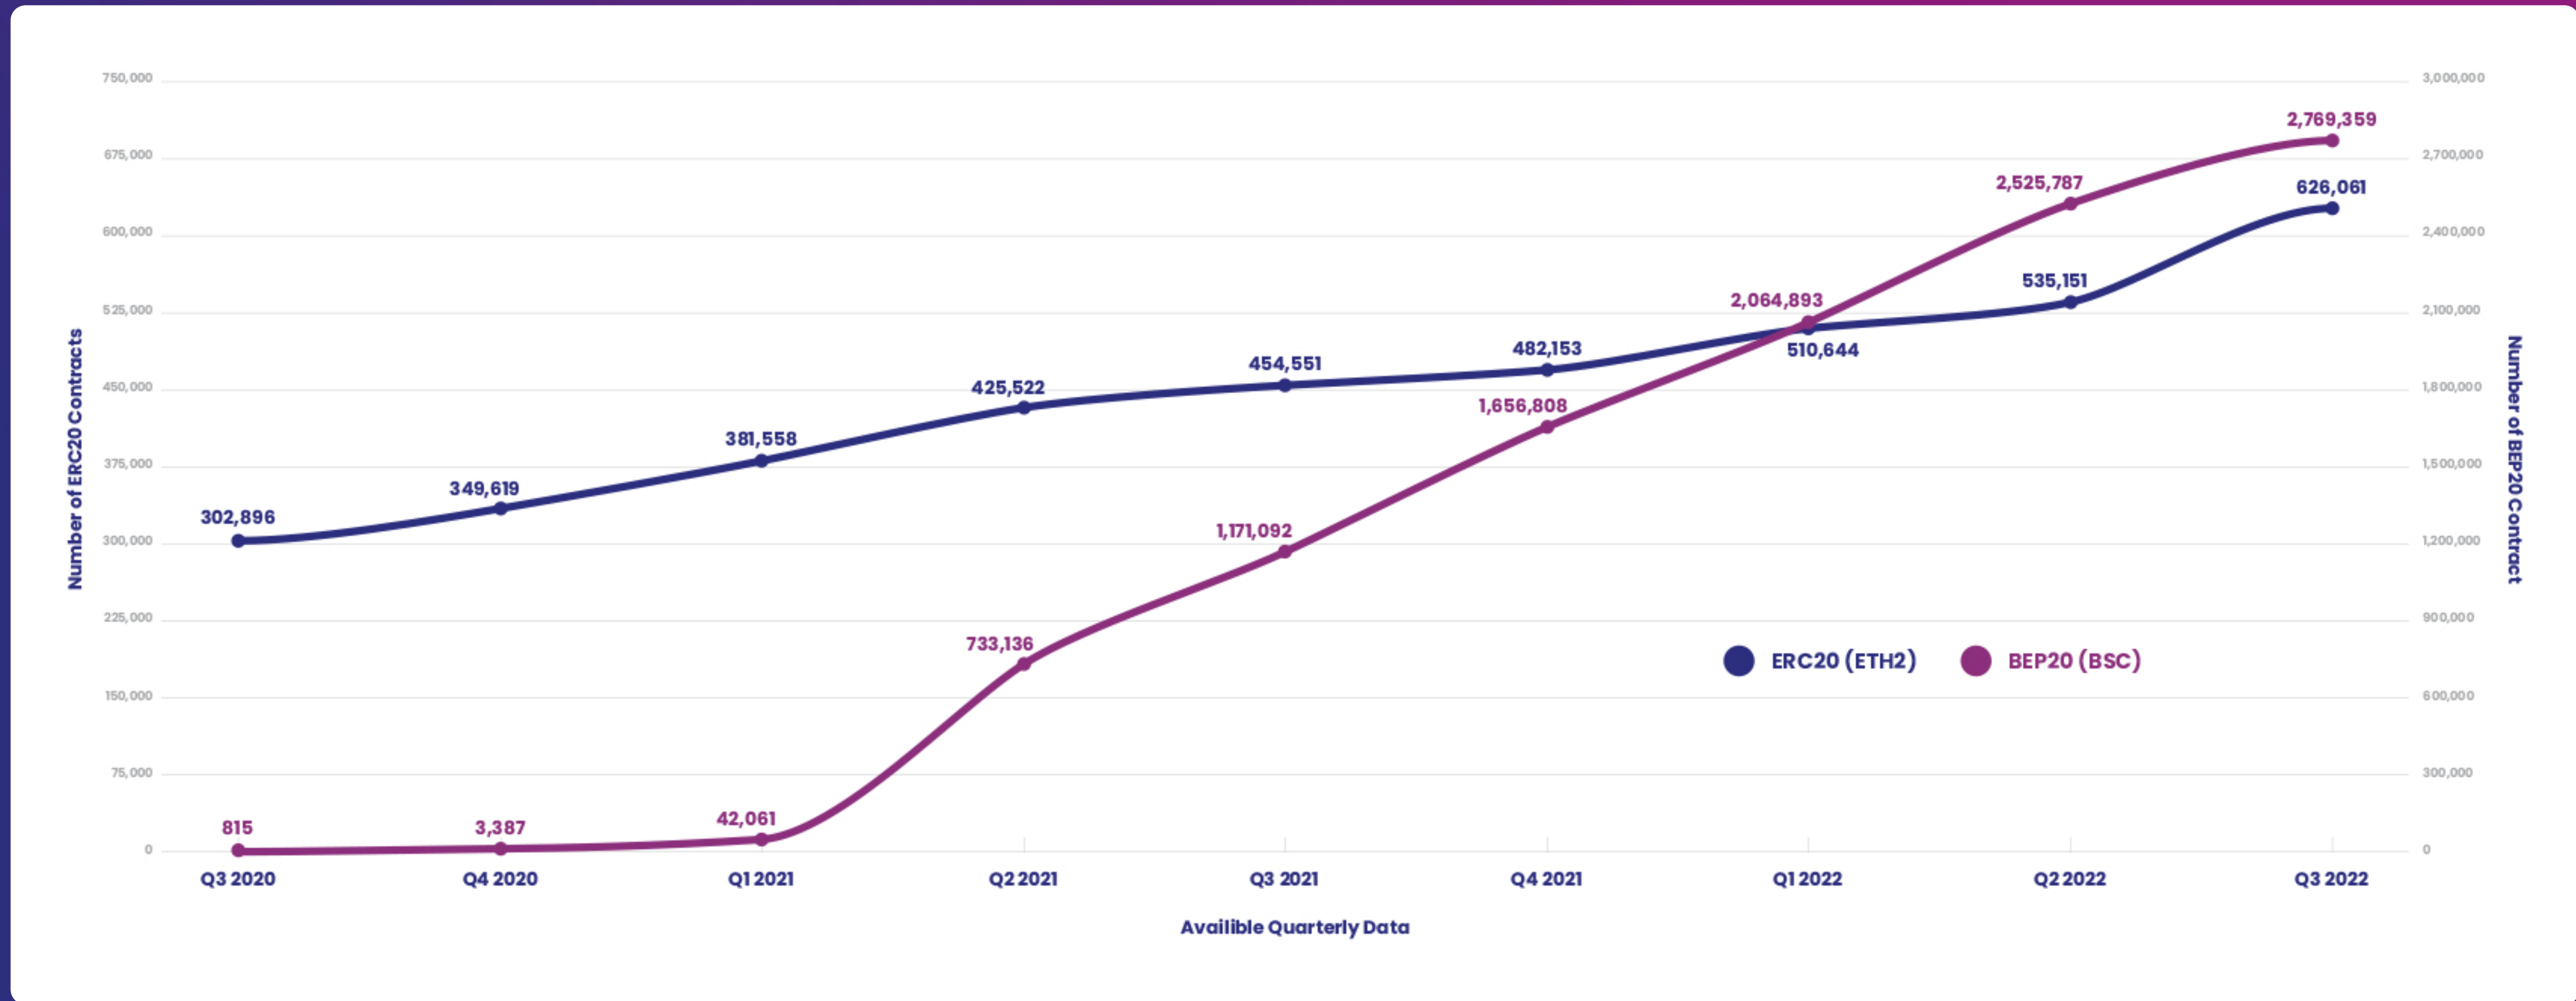

Over 9,800 cryptocurrencies exist with more in development³

Market Validation

The Increase of ERC20⁴ and BEP20⁵ Contracts

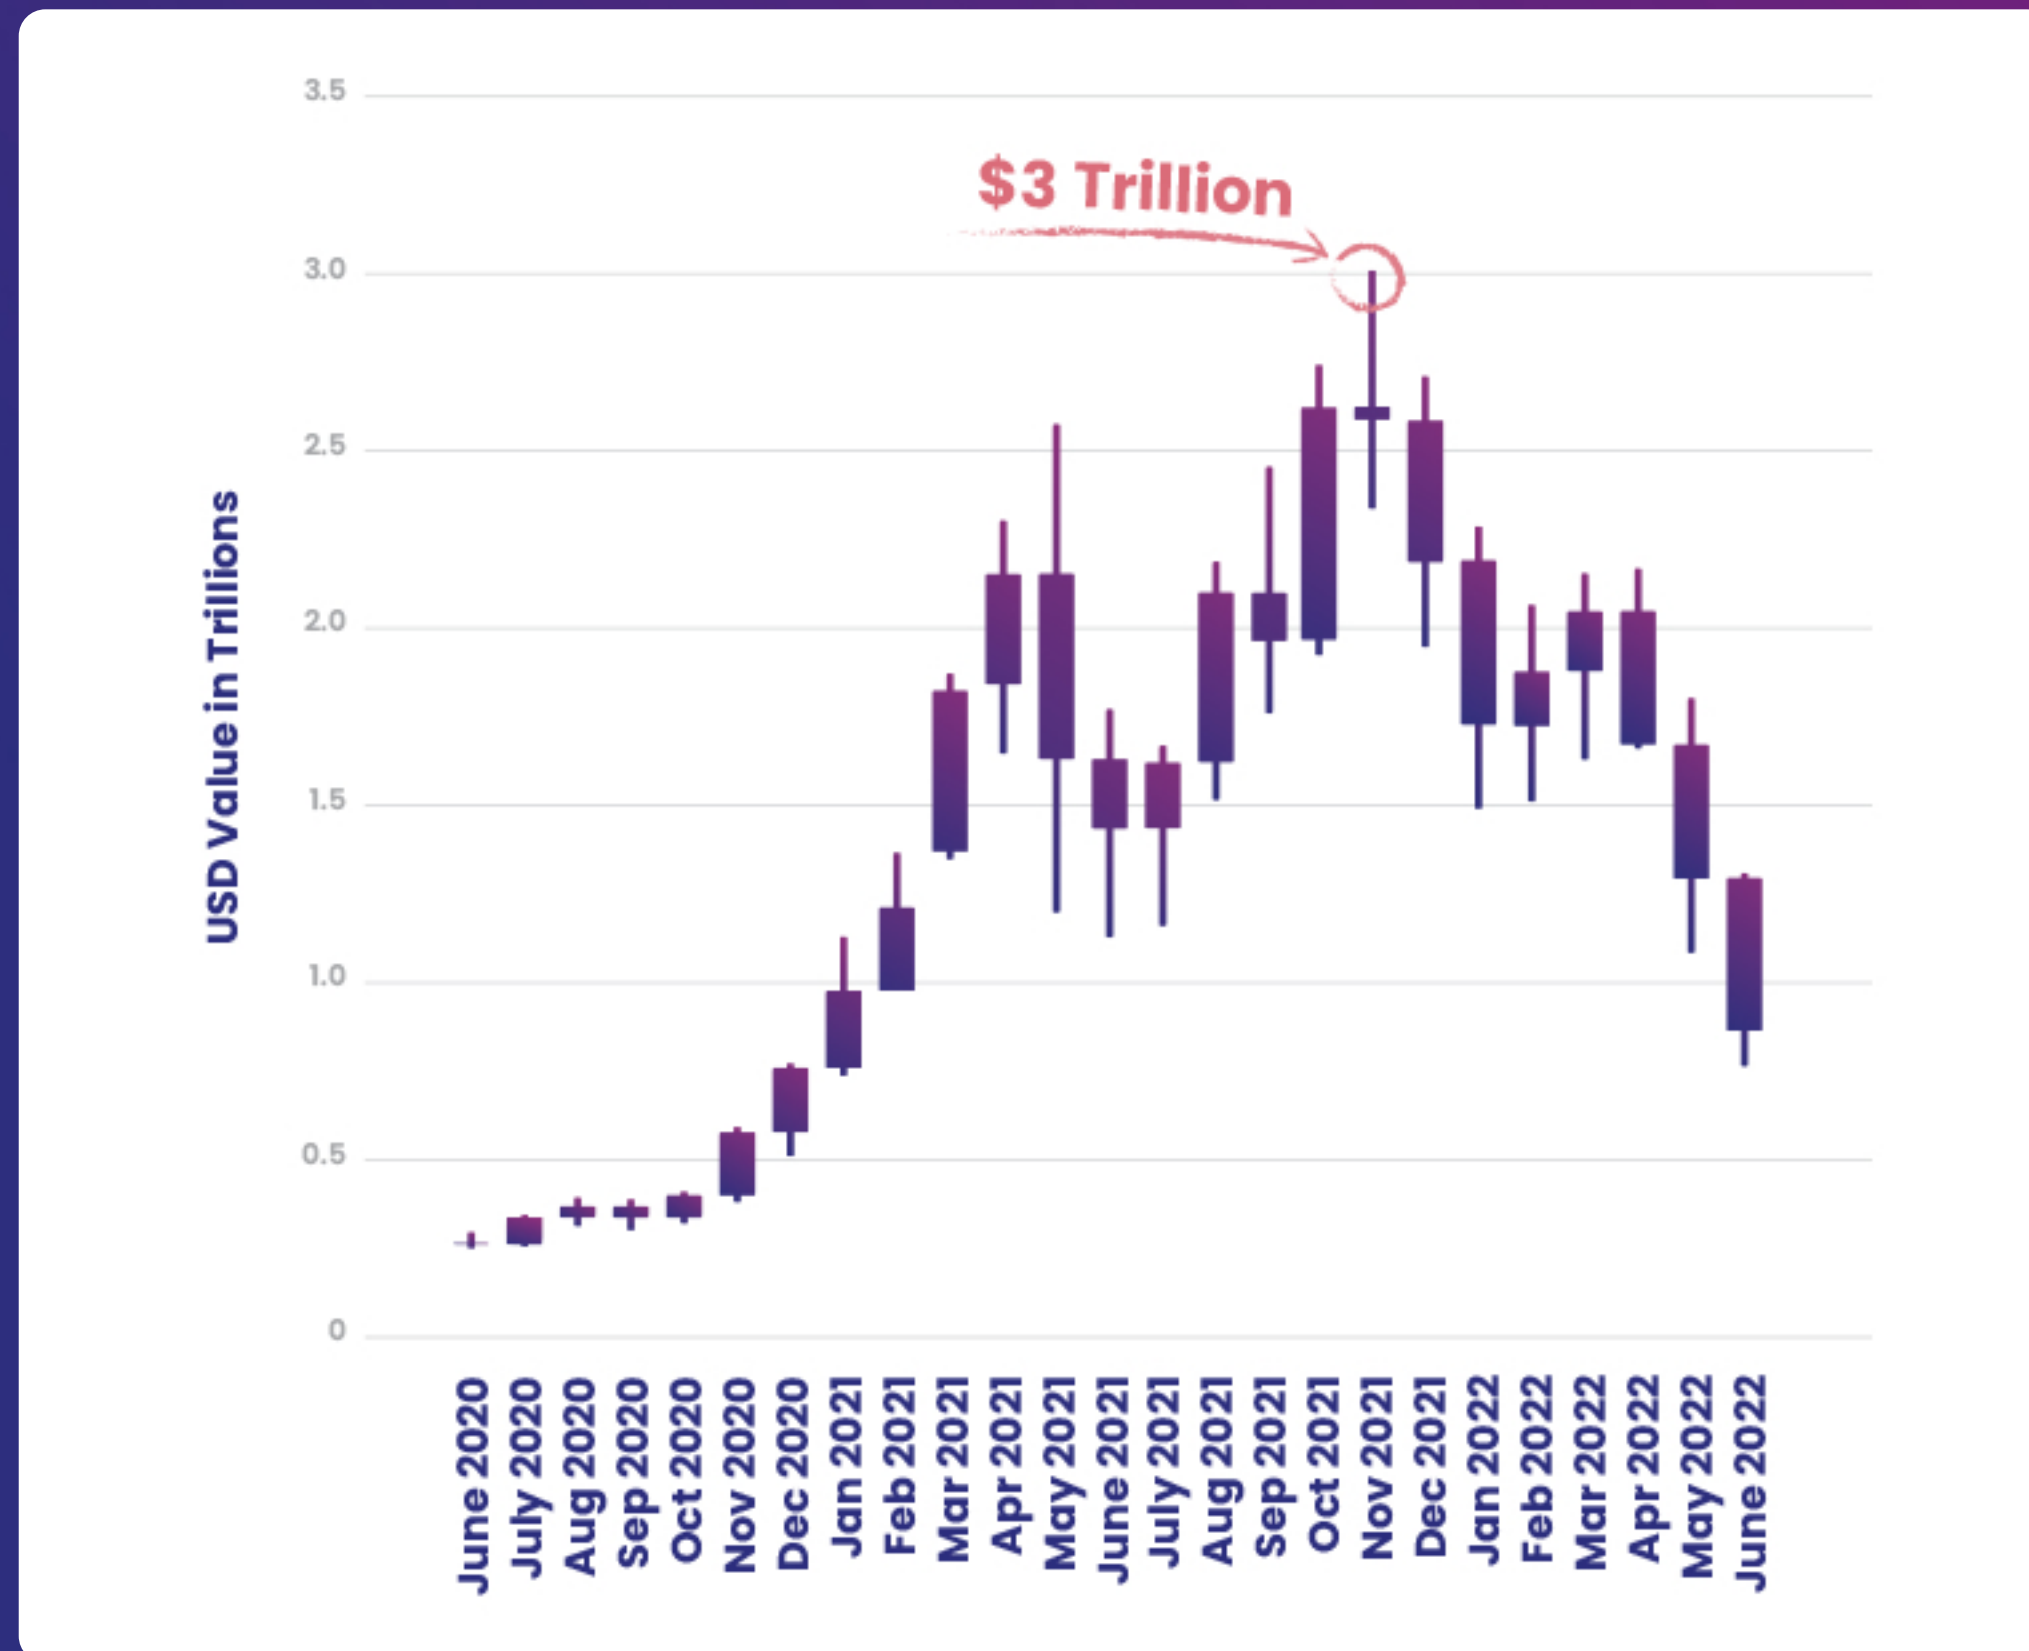

ERC20 (ETH2)⁴ and BEP20 (BSC)⁵ Token Contracts have surpassed 3.3 million on live net.

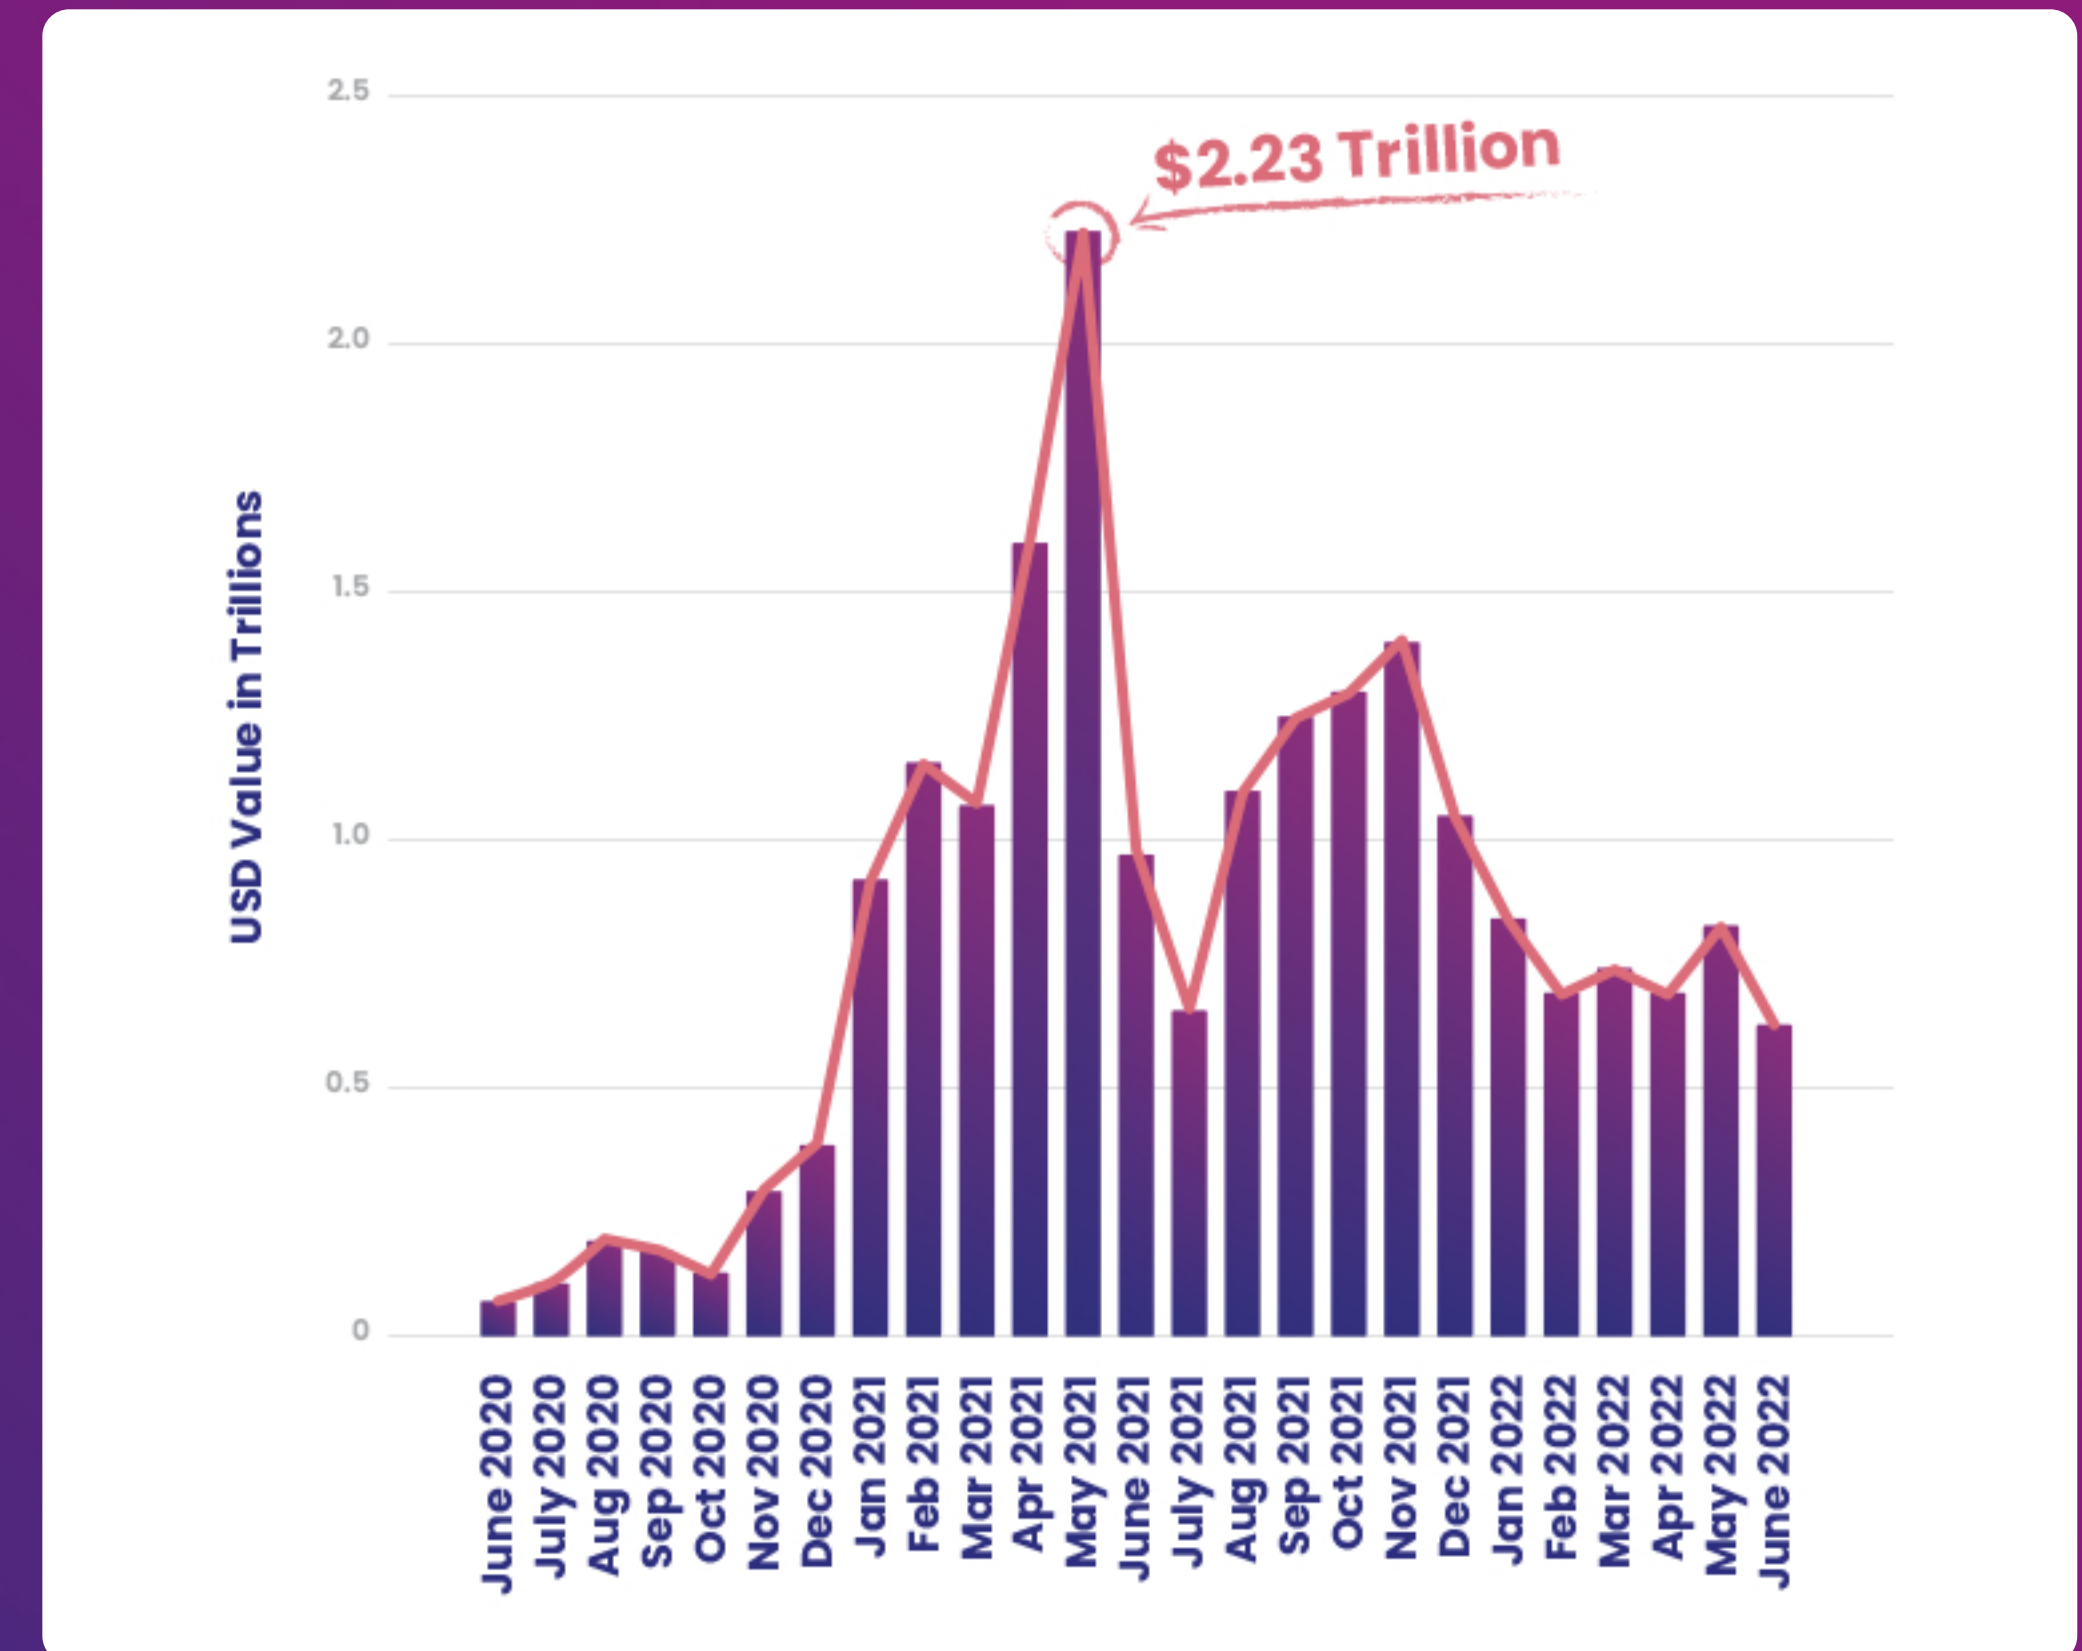

Market Size

Crypto Market Cap⁶

Crypto Market reached \$3 Trillion in November 2021⁶

Crypto Trading Volume CEX⁷

Centralized exchanges reported \$2.23 Trillion in trading volume in May 2021⁷

Market Size

2021 Global Cyberattack Trends⁸

A total 5/6 of the common cyberattacks methods have⁸ increased in 2021.

Federal Trades⁹ Commission (FTC) in the united states received 46,000 reports totaling over \$1 Billion in losses

Estimated¹⁰ Crypto theft surpassed \$14 Billion in the year 2021

Market Size

**245 Largest
Software Companies**

Total Market Cap Dec. 15th, 2021¹¹

Ledger registers as a software company valued to be ¹²
worth \$1.5 Billion.

**187 Largest
Internet Companies**

Total Market Cap Dec. 15th, 2021¹³

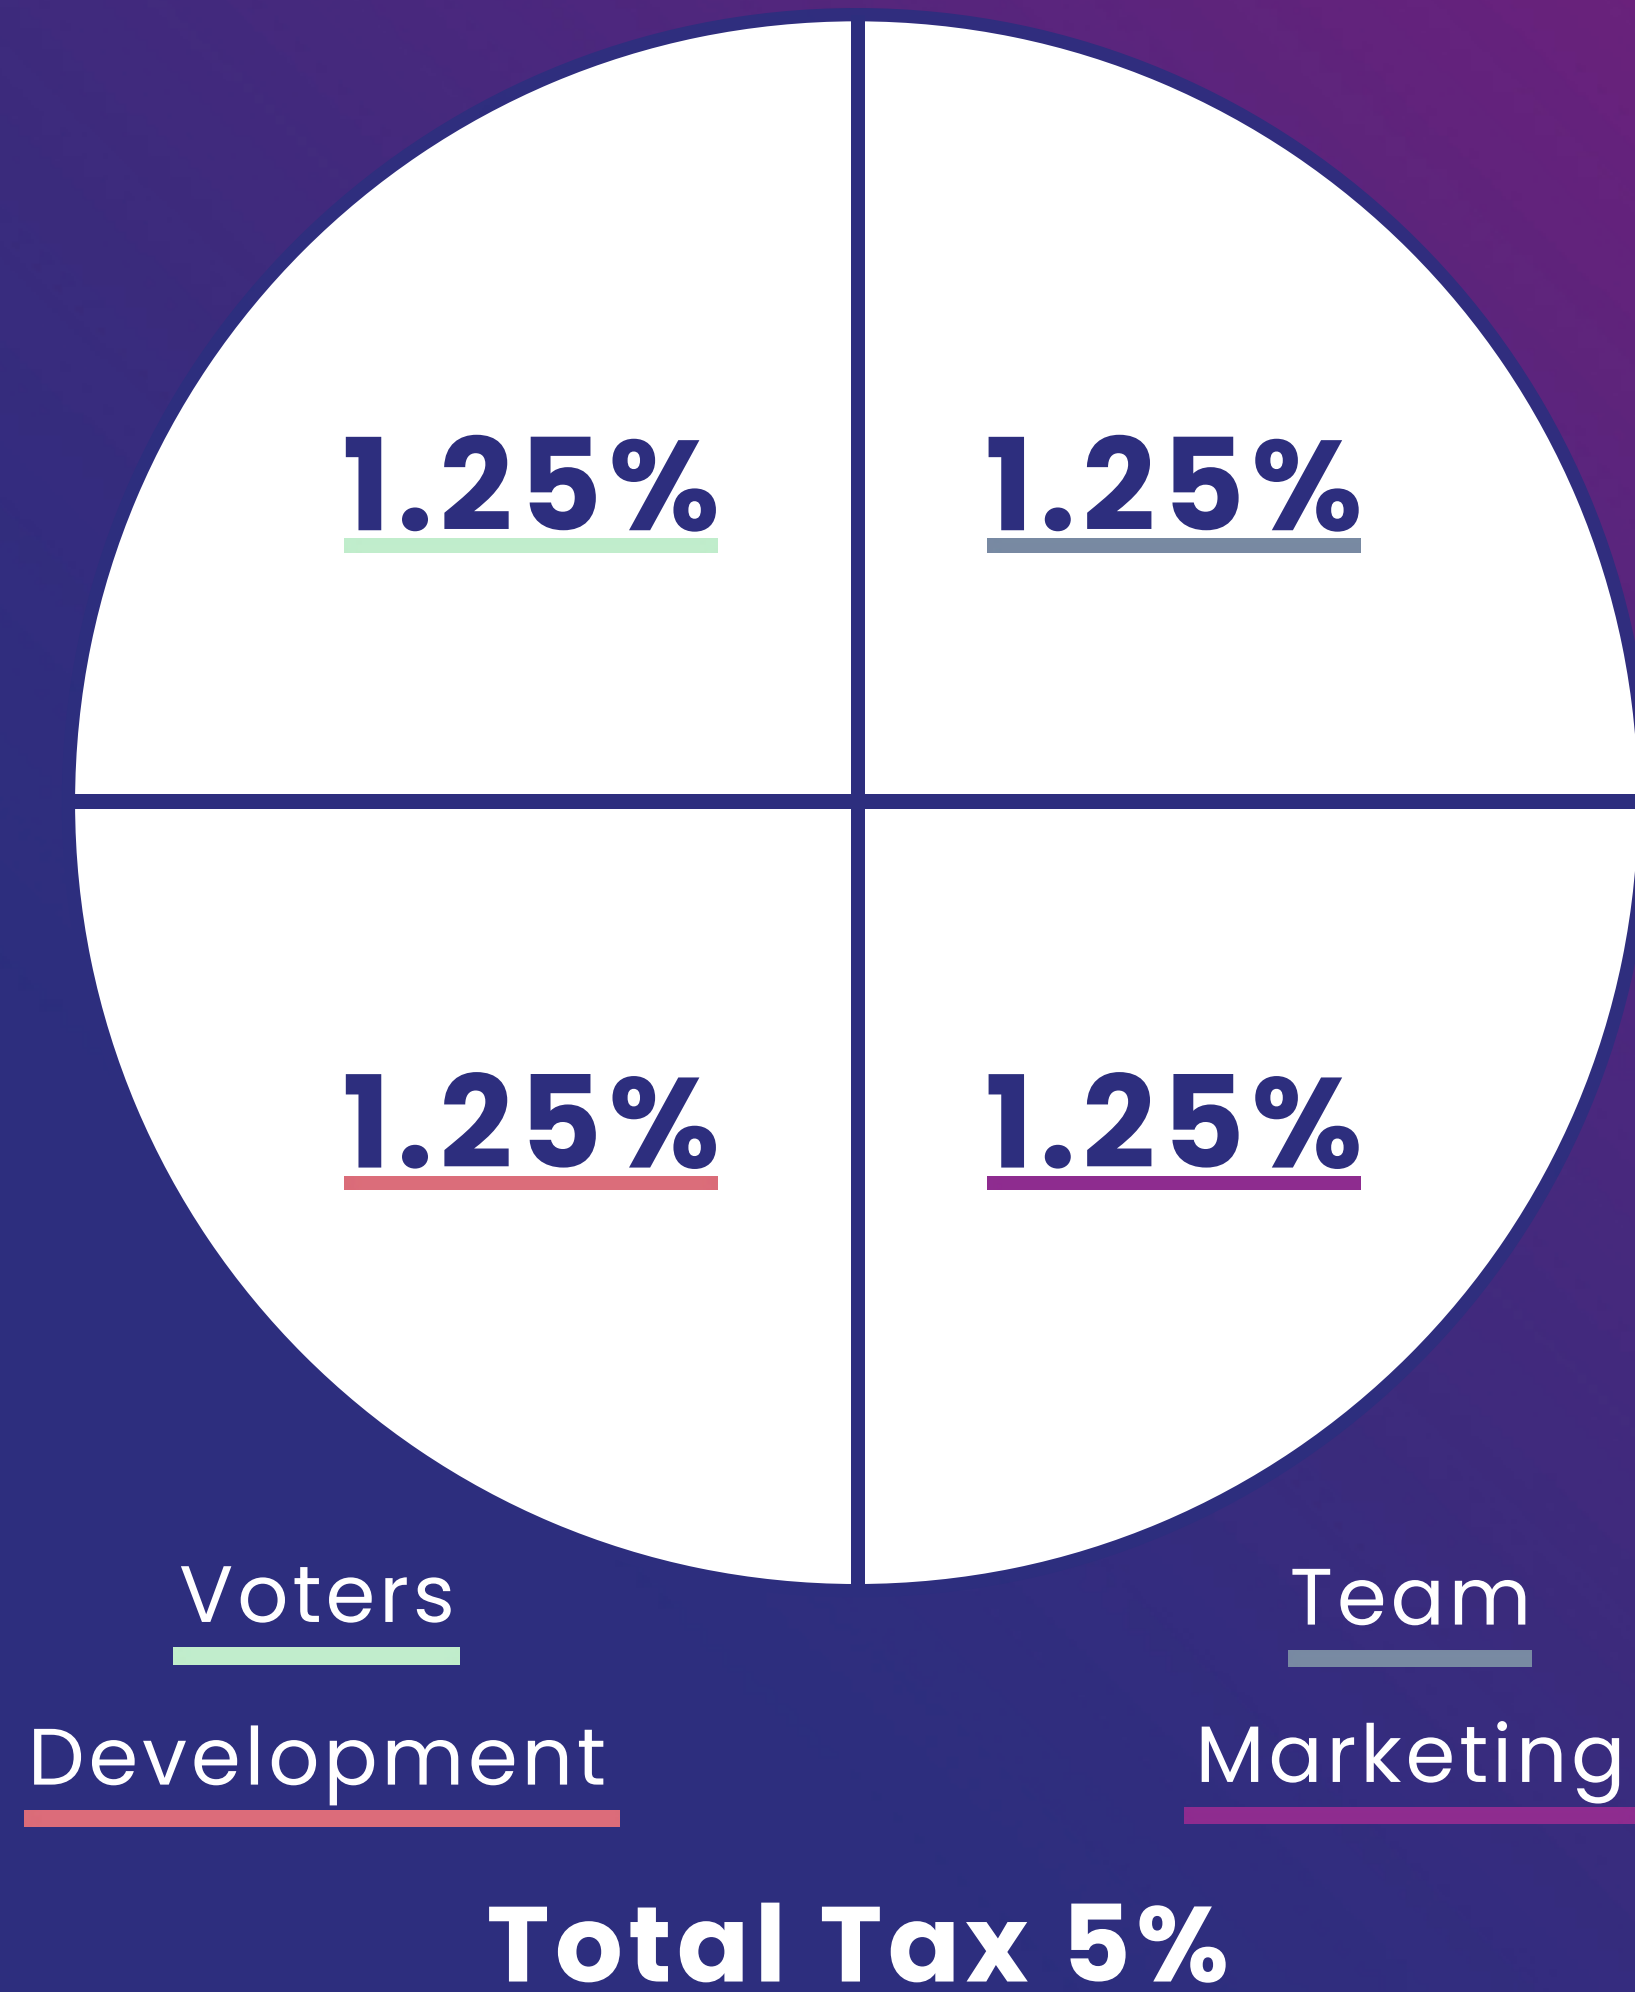

Coinbase Global Inc. registers as a internet company ¹⁴
that was valued at \$86 Billion.

Business Model

Token Tax

Services

Crypto, Stablecoins, and
Token Security with
DApp Support

Licensing

Selling the license of
SafeAssets Technology
to other DeFi Project

Competition

Low-Cost

Decentralized

Centralized solutions gives third-party entities the ability to access and interact with your funds.

Competitor

Competitor

Expensive hardware wallets are not a viable option for the masses. In addition, a trusted vendor is needed.

SafeAssets.io brings the best advantages that the competition has to offer in an all in one bundle.
